Art Groups Report 2026

Our Art Class has been going for many years. It was originally rescued when it was about to fold, by Monica & Ron Giddens. Various people have run it since then. I took over the running (I don't teach) from Faye Twomey, who ran it and taught when she was in her 90's!

It is a very friendly and relaxed group of artists – who sometimes spend the first ½hr chatting, but do produce some beautiful and interesting art in the 2-3 hrs in St Mary's well lit hall. Refreshments are available anytime during the session and artists are encouraged to come away from their work to walk round and see others work, (positive comments only....unless otherwise called for.)

Sadly, some have been on the waiting list for the Wednesday class too long and found other classes and so at last, I'm excited to report that we've been able to start a second 2 hr class on Monday mornings, also at St Mary's Caterham and thanks to Sue Seymour's brilliant advertising skills, this has filled up very quickly and may also end up with a waiting list but I hope we will be able to fit everyone in at the moment. The webpage is just showing the artists from the taster session. I hope soon to be able to add the whole class and some of their art too.
