Handicrafts Group Report 2026

We changed our name from Patchwork and sewing to more truly describe what we actually do.

We have also changed our venue to the Caterham library on the Hill. This is proving very successful. The library staff welcome us and advertises us.

The group is flourishing. Some of us do needlework, cross-stitch, patchwork etc.

We cannot take any more people at the moment but I will be writing to those of us who we haven't seen lately....So there may be some vacancies then

Meg Barnes
Group Leader
