Croquet Group Report 2026

It has been a bad year for us because Tandridge Council allowed the Caterham Croquet Club lawns that we use to get into a very bad condition, which spoils the game. This winter they have agreed to restore them to a good condition and, so far, they seem to be progressing well with this.

The group membership is dropping and, as we have to pay an annual fee to use the courts, we would like to have at least 10 members in the group so new members would be welcome.

Croquet is a game in which men and women and young and old can play one another on equal terms. We now play two forms of the game - Association Croquet, which is the traditional British game and the newer and simpler version called Golf Croquet.

Anyone interested would be welcome to come along to our meetings from 2:00 pm to 5:00 in Queen's Park at Caterham and have a go to see if they like the game. Please note; we restart play in May 2027, through to September.

Martin Hogbin
