

Caterham u3a Group reports

London Discovery Group 2025 report

This year we have had about 38 outings. We have had a variety of walks - Charlie Chaplin, River Wandle, Shakespeare and many more. Visits included St Albans, Royal College of Music, several Livery companies, London Hippodrome and more

We now have almost 400 members on the mailing list so it is huge challenge to provide enough trips to meet the demand.

9 members have led outings for us. On your behalf I extend a huge 'thank you' to them. Demand is high so I hope other members come forward with offers of help.

Elizabeth Whittaker
