

Photography 2 Report 2025

The group, which is now 5 years old, met regularly every fortnight throughout the year and increased our membership to 15 with three members leaving and five new members joining.

We continued our use of regular themes for the fortnight, inviting our members to post up to three images taken in the fortnight reflecting the theme. And we practice a technique or techniques, sometimes taking four weeks to do that so we can refine our skills over a longer period.

Our themes for the year have included:

- Minimalism
- Autumn Colours
- Textures
- Light and Shadow
- Golden Hour
- Water
- Nature
- Clutter
- Contrasts
- Out and About
- A letter or a number
- A film, book or song title
- Compositions

We have now had over 2,750 photos posted to our [Flickr](#) group page since we started in mid 2021. Our leading poster is Alison G with over 320 photos!

We had two field trips during the year – one to Emmetts Park and the other to the group leader's house for a social.

All suggestions for future themes are welcome as are new members. Thanks to the regular attendees of the group for making it most enjoyable to facilitate.

Philip Lawson
Group Leader
