# Travel Group Report 2026

Meetings are held monthly on Zoom on the third Wednesday of the month as this format suits the members, and it is easy to show presentations on the screen.

Over the last year, we have had presentations on Cappodocia, Norway, The Isle of Man, Malaysia, Norfolk, the Phillippines, Indonesia and Malaysia and held discussions on itinerary planning using AI assistants.

Two members of the group have now climbed Mount Kinabalu, one of them, Mike has climbed it twice. We compared and contrasted their experiences from the safety of our armchairs.

Not surprisingly, many of the group travel extensively! As a result, we try to be a bit flexible with our meetings, but we do try to stick to the scheduled date.

We had a couple of social evenings one at the group leaders house and one at the previous group leaders house, at both of which some suitable food offerings enhanced the travel discussions.

As the group meets online, membership is open to new members.  Unfortunately we can't record our meetings as our Zoom licence doesn't allow for this so attendance of the meetings in person is the only real way to take part.

Philip Lawson
Group Leader
