

A WALKING TOUR OF HISTORIC RICHMOND

TUESDAY 17TH NOVEMBER

Richmond is known for its position on the Thames, its ancient bridge and for being one of the most desirable towns to live in.

However, there's more to Richmond than that – two theatres, three cinemas and the remains of a royal palace where three English monarchs died and a long list of famous people, past and present, who've chosen to make Richmond their home.

It will be a leisurely walk on level surfaces of about 90 minutes with ample coffee stops, if required.

If you're interested in joining this free walk please contact Ken via the link to Ken A at the top of the page.

Ken will reply by return confirming your place and travel arrangements. Numbers will be limited to 15 to avoid forming a crowd on the streets of Richmond – a second walk will be arranged, if necessary.
